## VISION SUMMIT

### ENERGY TRANSFORMATION FOR ALL

## SPONSORSHIP OPPORTUNITIES

**The SUMMIT** – A visionary exploration of the pillar policies, practices and workforce training necessary to enable more Americans to benefit from clean energy.

March 6, 2019 | Washington, DC

Bringing together prominent national and state clean energy influencers and visionaries, industry, advocates and academia for thought-provoking discussion and outcomes that will be key to the future actions of decision makers across the 50 states.

Commit early to sponsorship opportunities for year-long visibility!

SUPPORT IREC's critically important work through a VISION SUMMIT sponsorship at one of these levels:

### IREC IMPACT **Leader** \$25,000

As a premier sponsor, you'll receive lead recognition in all promotional materials and onsite at the VISION SUMMIT. Includes 3 event tickets.

Also throughout the year here: IREC's website, monthly IREC Report, across social media, and lead promotional and onsite visibility at IREC's National 3iAwards ceremony at InterSolar 2018 | July 10-12 | San Francisco.

---

### IREC IMPACT **Champion** \$10,000

Recognition in VISION SUMMIT promotional materials and onsite, plus 2 event tickets, with visibility on IREC's website, twice yearly in the IREC Report and at IREC's National 3iAwards ceremony at InterSolar.

---

### IREC IMPACT **Supporter** \$5,000

Recognition in VISION SUMMIT promotional materials and onsite, plus 1 event ticket, with visibility on IREC's website, twice yearly in the IREC Report and at IREC's National 3iAwards ceremony at InterSolar.

---

“In today’s national environment, it is the states that will drive clean energy policies and practices. That makes the independent, broadly respected state-to-state work IREC does more critical than ever.”

Larry Shirley, IREC Chairman of the Board

*IREC increases access to sustainable energy and energy efficiency through independent fact-based policy leadership, quality workforce development and consumer empowerment. Our consumer focus has made clean energy possible for millions more Americans by removing regulatory and economic barriers since 1982.*
