

**Independent leadership.  
Trusted clean energy expertise.**

IREC Accredited Training Provider  
***Eligibility Form***  
IREC Standard 01023:2019

**NOTE TO CANDIDATE:**

Please respond to all questions on this form and provide supporting documentation where required to support your responses.

a) Training Provider Name:

b) Today's date

c) **Clean Energy Teaching.** Select the relevant [IREC-accepted job task analysis](#) representing the clean energy technology and job role that your training program prepares learners for in the clean energy industry. If you are applying for more than one training program credential in this application, select all the JTAs that apply here. If you wish to apply under a job task analysis that has not yet been accepted by IREC, please see the [IREC Candidate Handbook](#) and contact IREC Credentialing Program staff for details.

**Energy Efficiency Technologies**

- Single-Family Energy Auditor
- Single-Family Quality Control Inspector
- Weatherization Crew Leader
- Multifamily Quality Control Inspector
- Multifamily Energy Auditor

**Renewable Energy Technologies**

- PV Installation Professional
- Solar Heating Installer
- PV Technical Sales
- PV Associate
- PV Design Specialist
- PV Installer Specialist
- PV Commissioning and Maintenance

d) **Training program scope.**

i) For each training program you will be applying for, list the title of the training program and all component courses which cover the IREC-accepted job task analyses (JTA).

ii) Complete and attach the JTA-curriculum crosswalk spreadsheet provided by IREC. This document must demonstrate that students in your training program have the opportunity to master all the skills and knowledge identified in the relevant JTA(s). If your training program is not FULLY aligned with the JTA under which you are applying, please describe the reason here

**e) Training delivery experience.**

i) For each training program you will be applying for, list the dates by which the training program, including all component courses, was first delivered.

ii) Provide evidence of training program delivery, such as course rosters, completed student evaluations, or other program documentation.

**f) Course Registration.**

How do students register and pay to attend your training program(s)?

My organization handles student registration and payment

A third-party organization handles student registration and payment

**g) Legal entity.**

Describe and provide evidence that the training provider is a legal entity or part of a legal entity.

**h) Weatherization Assistance Program Training**

Is your training program operated by a Weatherization Training Center or provider that is under contract with the WAP? If yes, please provide evidence of the current contract you are under to provide WAP training and technical assistance services.

**NOTE TO APPLICANT**

After you have completed this form and saved it to your computer, please email the PDF along with supporting documentation, including the required JTA-curriculum crosswalk, to [credentialing@irecusa.org](mailto:credentialing@irecusa.org). Thank you.
